Some important information:

- Submitting an application does not obligate you to do a lease.
- A lease is a contract to use an item over a period of 12 or more months. It is a financing arrangement. Once a lease is signed, the lessee has agreed to make the payments over the number of months indicated. The equipment cannot be returned and the lease cannot be ended unless it is paid out.
- Lessees are responsible for insurance of art leased.
- Generally, lease payments are due at the beginning of the lease month. Therefore, if a lease is dated on the 15th, then lease payments are due each month on the 15th. The first payment is due on or about the date you receive the artwork or it is shipped to you.
- Generally, lease payments are by pre-authorized payments through your bank.

To apply for approval of a lease-to-purchase art lease, complete and return the first page of this application. We will get back to you within one business day.
